

GIRLS RACE TOO

OUR CLUB'S COMMITMENT

The Committee of our Club is committed to the principles and vision of Karting Australia's "Girls Race Too" program.

We make it a priority to create an inclusive and supportive environment where females can thrive in all aspects of karting.

Breaking Barriers and Inspiring Future Generations

We pledge to work together to break down barriers and inspire future generations of female drivers, race officials, team members, and club volunteers. Our goal is to foster a community where everyone can enjoy and excel in the sport of karting.

Promoting Visibility and Representation

We are committed to highlighting the achievements of females in karting. By showcasing their successes, we aim to inspire more women and girls to participate and realise their potential within our club and the wider karting community.

Investing in Women and Girls

We will actively invest in the development of women and girls in karting through the provision of resources and training. Our commitment includes ensuring that our club offers equal opportunities and support to all females.

Supporting the Girls Race Too Initiative

We encourage all our members, from drivers to volunteers, to support and drive the "Girls Race Too" initiative. By adopting this commitment statement, Tiger Kart Club Inc reaffirms its dedication to fostering an inclusive and prosperous environment for all members, with a special focus on supporting and empowering females in the world of karting.
